

Committee of the Whole Notes - September 17, 2019

Beaumont Recreation, Parks and Facilities Master Plan

Council reviewed a draft of the Beaumont Recreation, Parks and Facilities Master Plan, **Our Places and Play**. The draft plan incorporates feedback from residents and community groups to identify priorities and opportunities for city recreation, parks and facilities during the next 10 years. Further public engagement will be conducted on the draft plan before it is presented to council for final approval.

Council directed administration to identify options to consider during budget deliberations to begin implementing the plan.
