

Regular Council Meeting Notes

March 26, 2024

Consuming Alcohol in Public Parks

Council voted to continue allowing the consumption of alcohol at designated sites in Four Seasons Park and expanded the program to Lion RV Park this summer following a four-month pilot project in 2023. Council also approved expanding where alcohol can be consumed in the park, allowing it in areas designated by signage instead of just at designated picnic benches. The program allows responsible consumption of alcohol from June to September between 11 a.m. and 9 p.m.

Environmental Coordinator

Council approved a motion by Coun. Philip Penrod for Administration to include details for a proposed environmental coordinator for consideration during 2025 budget deliberations later this year.

Please note: these summaries are not an official record of council meetings. Official minutes are posted online once they are approved during a subsequent meeting.
