

# Council Meeting Notes

May 9, 2023

Reports and support material for agenda items, along with timestamped links to the corresponding segment of the meeting video, are [available online](#).

## **Community Grant Funding Recipients**

Council approved the recommendations of the Grant Funding Advisory Committee to award a total of \$34,140 in grants to community groups. The program offers matching grants to local non-profit and community organizations.

## **Permanent Rink Shelters and Zamboni Storage Garage**

Council voted to reduce the scope of the outdoor rink shelters and Zamboni storage project in the 2023 capital budget. The initially approved project included construction of three shelters and a storage garage. However, the costs were higher than estimated and Council reduced the project to the design of a shelter and garage in 2023 at the J.E. Lapointe outdoor rink and design of a rink shelter at the Dansereau rink.

## **Traffic Safety Bylaw**

Council voted to remove the dangerous goods routes provisions from the Traffic Safety Bylaw and proceed with implementation of the bylaw on June 1. The provisions will be reintroduced at a later time to ensure they are compliant with provincial legislation.

Council also deliberated but chose not to proceed with potential amendments for the provisions regarding RV parking.

## **LeBlanc Canal Pathway and Footbridge**

Council approved a motion by Coun. Steven vanNieuwkerk to have Administration prepare a report on options, timing and costs to install a pathway and bridge connecting the path directly west of 63 Street across the LeBlanc Canal to the Beaumont Sport and Recreation Centre parking lot.

*Please note: these summaries are not an official record of council meetings. Official minutes are posted online once they are approved during a subsequent meeting.*
