

# Regular Council Meeting Notes

March 10, 2020

## **Centre-Ville Area Redevelopment Plan (3:08)**

Council approved the Our Centre-Ville Area Redevelopment Plan. The plan will guide the redevelopment and revitalization of central Beaumont over the next 25 years, with a distinct character and theme for the different parts of downtown.

## **Beaumont and Leduc County Intermunicipal Development Plan (16:26)**

Council repealed the Intermunicipal Development Plan between Beaumont and Leduc County. The plan, which dates back to 1998, no longer meets the requirements of provincial legislation.

Council heard from city administration that the Intermunicipal Planning Framework recently signed between Beaumont, Leduc County and the City of Edmonton will serve a similar purpose to coordinate land use planning and development along shared boundaries.

## **Advisory Committee Appointment (28:29)**

Council appointed Beaumont resident Inderpreet Sidhu to fill a vacancy on the Recreation, Parks and Culture Advisory Committee.

## **Urban Design Guidelines (31:40)**

Council approved new Urban Design Guidelines that provide direction for the look and design of buildings in the city. The new guidelines replace the previous French Village Design Guidelines and allow for more contemporary design and greater flexibility for design of buildings in the city while maintaining Beaumont's distinct identity and heritage.

*Please note these summaries are not an official record of council meetings. Official minutes are **posted online** once they are approved during a subsequent meeting.*
