

Regular Council Meeting Notes

July 9, 2024

Off-Site Levies

Administration provided a report on opportunities to address costs for policing, recreation, and fire service through off-site levies. Council also received an update on the City's review of current off-site levies charged for new development.

E-Scooter Pilot Program

Council approved an extension for Administration to provide a report on the feasibility and impacts of a pilot program for e-scooters in Beaumont.

Additional Stops for Transit Service

Administration presented a report on different options for additional bus stops in Beaumont for the commuter transit service. After considering the options, Council requested that the cost of on-demand transit service be included for consideration during 2025 budget deliberations this fall.

Please note: these summaries are not an official record of council meetings. Official minutes are posted online once they are approved during a subsequent meeting.
